## About Me

---

I have 2 years of experience as a WordPress developer, helping businesses create reliable and visually appealing websites. I specialize in building custom WordPress themes, optimizing website performance, and ensuring responsive, user-friendly designs. I'm skilled in technologies like HTML, CSS, PHP, and JavaScript and I focus on delivering websites that align with your goals and vision. Whether you need a new WordPress site or want to enhance your existing one, I'm here to provide high-quality, tailored solutions.

## Experience

---

### Project of T

2024-Present

Punjab Group of Collage
- **Senior High School** 2019  
Govt High School

**Projects**

---

**Al-Quran Learning I Education**

2023

<https://al-quranlearningcenter.com>

This project is about creating an educational website that offers learning materials and automatically works out tuition or subscription fees based on where the user lives.

<https://dubaidayourcom>

This project was created to develop a website for Desert Delight Tourism, providing travel information, services, and resources. It also automatically calculates trip costs or booking fees based on the user's location.
